Product of the Month

Greetings Minidisco friends and customers! Are you looking to replace that tape recorder, DAT machine or minidisc gathering dust on your shelf? Need a device which can record directly in WAV or MP3 format? Do you want the power of a four-track recorder in the palm of your hand? Look no further. This month we introduce our most affordable digital recorder yet: The Boss MICRO BR. The MICRO BR is about the size of an iPod, but it packs all the power of a portable four-track recording studio. So, if you've been looking for a great recording solution that won't break the bank, read on!

Be sure to read on to the bottom of this email for the coupon code and directions on how to get an additional \$10 off the already low sale price for the MICRO BR.

[Boss MICRO BR](#) **Portable Digital Recorder & Player**

What is it?

A digital handheld, four-track recording studio.

What does it do?

Makes WAV or MP3 recordings via microphone or line input to SD media. Works as an MP3 player and playback device!

Why is it cool?

The Boss MICRO BR is easily the most affordable portable recorder on the market. It's packed with advanced features like 4 track simultaneous playback, built-in tuner, microphone input and drum patterns. This incredible, mini-studio is powered by just 2 AA batteries!
